## FAQ

### What roles are partners taking on?

There are primarily two roles available: General Partners are overall partners that fyp youth organizing committee voted on to be involved deeply, partners to collaborate in the design & execution of the event program and agenda. Potential collab: program design, joint report, speakers/panelist(s)/workshop facilitation, sponsorship & joint fundraising, impact Impact Partners are partners that fyp team members nominated for extensive impact campaign. Potential collab: community engagement, cross & joint promotion, in event vendors/exhibitors

### What is the difference between general partners and impact partners?

First, FYP Event has funding secured for a baseline event and hence is fully mission driven. Within each role we only define the maximum collab space and selected collaborators can choose to do as much/little depends on organizational needs. Key differences are the selection process and scope of work. General partners are nominated, voted, and invited by the entire independent youth committee and have scope to be at maximum the entire event as external organizing committee members. Impact Partners are partners that are nominated but not voted on and the scope of work limited to impact campaigns.

# Universal Youth Collective Bargaining Framework:

Grassroots Foundation: Partnerships with local chapters of youth-focused organizations to create a bottom-up foundation for input, output, and a pathway for grassroots to join the negotiation team. Centralized Conversation and Advocate Gathering: Platforms like ForYouPage and DesignItForUs will serve as a centralized hub for collaboration, knowledge exchange, and the development of a unified youth voice. Open Organized Negotiation Representative Team: A democratically selected team of youth advocates will engage in open, organized negotiations with policymakers and tech companies. Testing Ground through ForYouPage Events: The event series will provide valuable experience and insights for refining the youth advocate union's approach. Direct Negotiation at Events: By inviting older stakeholders, the events themselves will function as direct negotiation grounds, aligning with the theme of action priorities.
