Outreach

UN Science Summit

US district

3-7 youth leaders

- founders
- mental health related

The idea of the second session is to bring together 5-10 youth mental health advocates and invite 20-30 funders/foundations where youth can present their social ventures and interact with stakeholders that can help them.

reach out 15 youth leaders (us), 5 youth leaders (outside us)

Hi,

It was so nice to meet you finally! This is a follow-up regarding the UN Science Summit!

In short, we have two UN sessions. One session focused on tech, social media, and youth well-being. The second session focuses on youth advocacy. The idea of the second session is to bring together 5-10 youth mental health advocates and invite 20-30 funders/foundations where youth can present their social ventures and interact with stakeholders that can help them.

To make this event most helpful to grasstop youth leaders, this is co-organized with them and so the exact format is still in discussion. The tentative date is Sep 15th (Friday evening), and the tentative location is Glasshouse Chelsea NYC.

Do you want to have a quick call about this sometime this week?

Warmly,

Revision #5
