

# Outreach

UN Science Summit

US district

3-7 youth leaders

- founders
- mental health related

The idea of the second session is to bring together 5-10 youth mental health advocates and invite 20-30 funders/foundations where youth can present their social ventures and interact with stakeholders that can help them.

reach out 15 youth leaders (us), 5 youth leaders (outside us)

Hi,

It was so nice to meet you finally! This is a follow-up regarding the UN Science Summit!

In short, we have two UN sessions. [One session](#) focused on tech, social media, and youth well-being. The [second session](#) focuses on youth advocacy. The idea of the second session is to bring together 5-10 youth mental health advocates and invite 20-30 funders/foundations where youth can present their social ventures and interact with stakeholders that can help them.

To make this event most helpful to grassroots youth leaders, this is co-organized with them and so the exact format is still in discussion. The tentative date is Sep 15<sup>th</sup> (Friday evening), and the tentative location is Glasshouse Chelsea NYC.

Do you want to have a quick call about this sometime this week?

Warmly,
